Subject: R66 Basket failed ... again

JL,

Based on the subject line above we are going to need some more parts for testing the R66 basket. They are:

- (1x) D5445-041, no finishing or end caps required
- (1x) D5445-042, no finishing or end caps required
- (1x) D5354-1, no finishing required
- (1x) D5354-2, no finishing required
- (2x) D5355-1, no finishing required

In addition Roberto is redesigning the D5350-1/-3 beams which will need to be remade as well. As soon as he gets his redesign done he will forward you the files and drawings.

David is away all next week, but if we could get the parts by the end of the week then we could do our testing when he is back in town.

Let us know what you think. Thanks!!
